

GDT Capacity Expansion

1 February 2016

To: Valued customers

From: Littelfuse Product Management

Subject: GDT Capacity expansion

Dear Customer,

Due to increases and volatility in demand for Gas Discharge Tubes, it has become necessary to expand capacity to maintain supply and lead-times in accordance with customer requirements.

As such, we have expanded capacity. We will be phasing in the use of components from this additional capacity starting from **the 1st May 2016**. This will be a running change in production.

This change will have no impact on both product performance and dimension.

In order to aid in tracking, parts from this additional capacity will **be marked with the symbol “○” or with lowercase letter.**

This will affect all of Littelfuse Gas Discharge Tubes.

Should you have any query about this change, please contact our local Littelfuse Sales Office or Littelfuse authorized Distributors.

Best regards,

Stephen Li

Global Product Manager
