Product Change Notification

Current Date: 13-Apr-2018

TE Connectivity

Product Change Notification: P-18-015325

Customer: Future Electronics(0000080100)

Location: WORLDWIDE

PCN Date: 16-JAN-18

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Manufacturing Location Change of Menlo Park Appliances Tubing ES2000 Products and UOM change for ES2000 coiled parts

Description of Changes

Please note - This PCN supersedes PCN P-17-015222. Due to a system error PCN P-17-015222 may not have been distributed to all concerned. Manufacturing location change. This notification is to inform our customers that TE Connectivity is closing our Menlo Park facility in USA and moving the production to our Trutnov facilities in Czech Republic and our Shanghai facility in China. The receiving facility in Shanghai is already an established Heat Shrinkable Tubing ("Tubing" or "Products") manufacturing site manufacturing Tubing since 1996, and the receiving facility in Trutnov is already an established as a Heat Shrinkable Tubing ("Tubing" or "Products") manufacturing site with Trutnov facility manufacturing Tubing since 2008.

Reason for Changes:

Dear Customer, we hereby inform you about a transfer of processes. The transfer follows a strict procedure, which fully maintains quality, ability to supply and form-fitfunction of the concerned products. A TE-internal release test based on the relevant part specifications will be executed before delivery. As part of the production move, we will start to ship ES2000 products from 21st March 2018 from the Trutnov & Shanghai facilities. After this date TE reserves the right to provide qualified products from any of the manufacturing locations during this transfer until the final closure date of Menlo Park location by the end of 2019. As not all part numbers will transfer at the same time customers may still receive products from the Menlo Park location after this transfer date due to the inventory we will carry to allow this transfer to happen and to minimize impact to our tubing customers.

Type of Notification

Manufacturing Location Change of Menlo Park Appliances Tubing – ES2000 Products and UOM change for ES2000 coiled parts.

Issue Date	Notification No.
18th December , 2017	хх-ххх

Description of Change

Reference previous notifications 2nd November 2015. PCN's P-15-012191, 012092, 012093, 012194, 012195 and 012196

This notification is to inform our customers that TE Connectivity is closing our Menlo Park facility in USA and moving the production to our Trutnov facilities in Czech Republic and our Shanghai facility in China. The receiving facility in Shanghai is already an established Heat Shrinkable Tubing ("Tubing" or "Products") manufacturing site manufacturing Tubing since 1996, and the receiving facility in Trutnov is already an established as a Heat Shrinkable Tubing ("Tubing" or "Products") manufacturing site with Trutnov facility manufacturing Tubing since 2008.

As part of the production move, we will start to ship ES2000 products after 21st March 2018 from the Trutnov facility. After this date TE reserves the right to provide qualified products from either the Menlo Park or Trutnov manufacturing locations during this transfer until the final closure date of Menlo Park location by the end of 2019. As not all part numbers will transfer at the same time, customers may still receive Products from the Menlo Park location after this transfer date due to inventory we will carry to allow this transfer to happen and to minimize impact to our tubing customers. Where necessary TE will continue with internal qualification and testing of products after they are received at the new locations.

The Unit of Measure for ES2000 coiled parts will also change from Feet to pieces. 1 coil = 1 piece.

The part number list attached shows you the ES2000 products that are affected.

If you require a PPAP or specific testing please inform us within 90 days of receiving this notification so we can coordinate the documentation and support your requirements. This should be requested from your local customer care representative. Should samples be required a limited range of product is available based on the products used for qualification purposes, please base your sample request around these parts (see attached spread sheet for part availability).

After this 90 day period we will begin the transfer. TE will take 'no reply' as customers being satisfied with the TE internal qualification and testing.

The release specifications for these products have not changed and part numbers for the coiled products and cut pieces remain the same.

In some cases it has been necessary to update the product packaging. Please see the attached spread sheet for product packaging details. During the transfer period you could receive old or new style packaging.

For Made to Order (MTO) parts Lead times will be adjusted to reflect the change in distance from the manufacturing location (for USA customer MTO lead times will increase). If special lead times are required please contact your customer care representative.

For any questions or concerns please contact your Customer Care Professional.

John Sandwell G	Global Director Product Management
