Additional Commercial Power MOSFET Test Capacity

DESCRIPTION OF CHANGE: Vishay is pleased to announce additional test capacity for PPAKSC70 products at our manufacturing subcontractor partner Unisem Group. Located in Ipoh, Malaysia, Unisem has been a manufacturing partner of Vishay for over 15 years including for PPAKSC70 commercial MOSFET products. Unisem is ISO9001/14001 and TS16949 certified.

Adding testing capacity at Unisem will create a turn-key solution for Vishay's Low Voltage MOSFET production in PPAKSC70 packages, therefore streamlining manufacturing to improve production flow from wafer probe through tape-and-reel. Unisem's test QA systems are consistent with Vishay including Gage R&R, Calibration techniques, Bin methodology and ESD Controls.
