Product Change Notification

We are writing today to inform you that we will make some changes as shown in the subject for the reason described below.

We will announce them in advance.

1	Products affected	Please refer to the Attachment 2.						
2	Replacement product	Please refer to the Attachment 2.						
3	Classification of change	Material change						
4	Changes	<p>We will change material manufacturer of plastic resin.</p> <table border="1"> <thead> <tr> <th></th> <th>Current product</th> <th>Replacement product</th> </tr> </thead> <tbody> <tr> <td>Material manufacturer</td> <td>SABIC JAPAN LLC</td> <td>It will be changed to one of the following ① Toray Industries, Inc. ② Mitsubishi Engineering-Plastics Corporation ③ Polyplastics Co., Ltd.</td> </tr> </tbody> </table> <p>Please note that there will be no difference in product performance due to material change, but for some colored products, the color may slightly change. For details, please refer to the Attachment 3 "Resin material color comparison table".</p>		Current product	Replacement product	Material manufacturer	SABIC JAPAN LLC	It will be changed to one of the following ① Toray Industries, Inc. ② Mitsubishi Engineering-Plastics Corporation ③ Polyplastics Co., Ltd.
	Current product	Replacement product						
Material manufacturer	SABIC JAPAN LLC	It will be changed to one of the following ① Toray Industries, Inc. ② Mitsubishi Engineering-Plastics Corporation ③ Polyplastics Co., Ltd.						
5	Reason for change	For securing stable supply.						
6	Date of final reception of orders for the current product	See Attachment 1 and the supplementary explanation document.						
7	Date of the first reception of orders for the replacement product							
8	Date of final shipment of the current product							
9	Test data							
10	Sample of replacement product							
11	Date of your acknowledgement							

We kindly request that you inform Hirose business representative of your acknowledgement by the aforesaid date.

In the absence of a response by this date, please be advised that replacement product that described above will be delivered.

If you should have any questions, please feel free to contact a Hirose business representative. Your understanding and cooperation are highly appreciated.

Supplementary

The details of the content of changes and schedule described in Business 430-18025 "Product Change Notification" are as follows.

1. Replacement product

Basically, current product will sequentially be replaced by replacement product to which the changes are made, but product code and product name will not be changed. However, new alternative product code and alternative product name will be used for the products that fall under the following two categories to distinguish them from current product.

1) Families of products that we would like to distinguish them from current products because they use halogen-free materials

For FL series coaxial connectors, the use of halogen-free materials will be promoted based on the market needs. In order to distinguish them from current products that use materials containing halogen, different product code and product name will be used for the replacement product.

* The products subject to switching to halogen-free materials this time are U.FL (excluding U.FL-LJ-088)/W.FL/W.FL2/N.FS series connectors. Please note that harness products combining non-target series will not be switched to halogen-free.

2) Families of connector products requiring reapplication for UL certification due to material changes

For some families of products that obtained UL certification for connectors, reapplication is required when changing materials. Based on the request from the UL Certification Body, we will change product name.

2. Change schedule

The above mentioned changes will take place according to the following schedule.

Schedule	(1) General products	(2) Halogen-free products	(3) UL reapplication products
Date of final reception of orders for the current product	From August 1, 2019, current products will sequentially be replaced by replacement product with the current product names.	Feb. 28, 2021	Feb. 28, 2021
Date of the first reception of orders for the replacement		June 1, 2019	Feb. 1, 2020
Date of the first shipment of the replacement product		Aug. 1, 2019	Apr. 1, 2020
Date of final shipment of the current product		Aug. 31, 2021	Aug. 31, 2021
Date of your acknowledgement	Feb. 28, 2019		Sep. 30, 2019

* For (2) and (3), current products will be discontinued with the final shipment date.

3. Evaluation samples and test data

Evaluation samples and test data of representative products for replacement products will be provided according to the following schedule.

Schedule	(1) General products	(2) Halogen-free products	(3) UL reapplication products
Evaluation samples and test data of replacement products	From July 1, 2018, those of representative products will sequentially be available.		From April 1, 2019, those of representative products will sequentially be available.

4. Response to additional specifications

In order to respond to the requests from customers, additional specifications such as different cable lengths and different packaging forms, etc. may be added for the target products before switching materials in the future. We must ask for your understanding in advance that when new orders for products with additional specifications placed before switching resin materials, switching to new materials will take place as for the target products.

End of document

Attachment 1: Switching schedule

		2018	2019	2020	2021	2022
		July	Apr. Aug.	Apr.	Sep.	July
Change of resin manufacturer	(1) Products for which materials will be changed to equivalent materials of other manufactures <i>* Without product name change</i>	Current products and replacement products	▼ Issuance of product change notification • From July - Samples / test data will be available	▼ Start of material change Delivery of products with material change will start in sequence		▼ Completion of change
	(2) Products for which materials will be switched to halogen-free materials <i>* With product name change</i>	Current product	▼ Issuance of product change notification • From July - Samples /test data will be available	Replacement product ▼ Start of delivery of replacement products	Preparation for discontinuation of production	Discontinuation of production
	(3) Products for which materials will be switched to equivalent materials of other manufactures (UL reapplication) <i>* With product name change</i>	Current product	▼ Issuance of product change notification	• From April - Samples /test data will be available Replacement product	Preparation for discontinuation of production ▼ Start of delivery of replacement products	Discontinuation of production

Acknowledgement For Product List 1 and 2
