## Subject: EAC Certification Mark

Document# LFPCN\_PG0101

Date: 02/20/2018

This letter is to inform Littelfuse Sales, Sales Support & Customers of a change to Powerfuse product box labels. We will add an EAC Mark to certify products conform to technical regulations of the Eurasian Customs Union. This mark is required by Russia and its union countries for customs clearance and will be included on product box labels for all part numbers that are eligible for sale in the affected countries.

This will be a running change implemented on March 1, 2019 and will be incorporated on new production. Existing inventory will not be affected. Customers will begin to see the updated labels once inventory of the legacy labeled products has been depleted. This change only effects the box label and will have no impact to the form, fit or function of the products. Highlighted below is an example label with new EAC Mark.

For additional product information please visit our website or contact your Littelfuse Representative.

Sincerely,

Expertise Applied | Answers Delivered
