

## Product Change Notification - GBNG-02XUGE570

---

**Date:**

06 May 2019

**Product Category:****Notification subject:**

Information Notification: Integration of the Microsemi LCLD, WIFI, VPT and TIM PCN system with the Microchip PCN System for selected Microsemi LCLD, WIFI, VPT and TIM products.

**Notification text:****PCN Status:**

Information notification

**PCN Type:**

System Integration

**Microchip Parts Affected:**

Please open the attachments found in the attachments field below labeled as PCN\_#\_Affected\_CPN.

Note 1: For your convenience Microchip includes identical files in two formats (.pdf and .xls).

Note 2: As part of the integration process additional products may be identified that were not part of the original list.

**Description of Change:**

Integration of the Microsemi LCLD, WIFI, VPT and TIM PCN system with the Microchip PCN System for selected Microsemi LCLD, WIFI, VPT and TIM products within the Microsemi subsidiaries Microsemi Solutions Sdn.Bhd. which includes formerly Voice Line Circuits and Line Drivers (LCLD), WLAN FEM, PA and LNA's (WiFi), Audio and Voice (VPT) and Timing and Synchronization (TIM) / Zarlink/Maxim. As part of the Microsemi integration with Microchip, Microsemi will integrate from the current Product/Process Change Notification (PCN) and End of Life (EOL) Notification system to the Microchip notification system.

This integration will require that all Microsemi PCN users who wish to receive PCN via email to register on [microchip.com](http://microchip.com) starting May 06, 2019. Please complete PCN email registration prior to June 15, 2019 if you would like to continue to receive PCN via email. Users who do not register will not receive PCN via email but may view notifications by visiting the Microchip Product Change Notification web page (linked below).

To register, please open the [Product Change Notification](#) page to begin the registration process. An FAQ that includes registration details is available on the PCN page to help with the registration process or contact your local [Microchip sales office](#) for assistance.

**Pre Change:**

Using Microsemi LCLD, WIFI, VPT and TIM PCN system

**Post Change:**

Using Microchip PCN system

**Pre and Post Change Summary:**

	Pre Change	Post Change
<b>PCN System</b>	Microsemi LCLD, WIFI, VPT and TIM PCN system	Microchip PCN system
<b>How PCNs are delivered or issued to customers?</b>	1. E-mailed from Sales channels or BU 2. E-mailed to customer e-mail addresses as requested by	1. Published at microchip.com 2. E-mailed to registered users

	customer service or sales	
<b>PCN e-mail registration</b>	Requested via e-mail to customer service or sales	Customers may register directly at <a href="http://microchip.com">microchip.com</a> .
<b>PCN Website</b>	PCNs not available on <a href="http://Microsemi.com">Microsemi.com</a>	All Microchip PCNs are viewable on <a href="http://microchip.com">microchip.com</a> and can be viewed without the need to log in, input a part number, or PCN/EOL number

*Note: This change does not affect Microsemi/Microchip products or processes. This notice is for your information (FYI) only regarding the customer notification service provided by Microchip.*

**Impacts to Data Sheet:**

None

**Change Impact:**

None

**Reason for Change:**

To support the Microsemi integration with Microchip by archiving the Microsemi LCLD, WIFI, VPT and TIM PCN system and providing customers with the Microchip PCN service for selected Microsemi LCLD, WIFI, VPT and TIM products.

**Change Implementation Status:**

In Progress

**Registration Implementation Date:**

May 6, 2019

**Last Date PCNs Issued from Microsemi LCLD, WIFI, VPT and TIM System:**

June 15, 2019

**Time Table Summary:**

	April 2019	May 2019	June 2019
Start Date of issuing PCNs from both Microsemi LCLD, WIFI, VPT and TIM system and Microchip PCN system	<u>Microsemi LCLD, WIFI, VPT and TIM PCN system and Microchip PCN system will start issuing integration related PCNs from April 2019 until mid of June 2019</u>		
Microchip PCN Registration Start Date		May 6	
Last Date of issuing PCNs via Microsemi LCLD, WIFI, VPT and TIM system			June 15
Start Date of issuing PCNs via Microchip PCN system only			June 16

*Note: Registered users are required to maintain their profiles after registering to continuously receive PCN via registered email.*

**Revision History:**

**May 06, 2019:** Issued information notification.

The change described in this PCN does not alter Microchip's current regulatory compliance regarding the material content of the applicable products.

## Frequently Asked Questions (FAQ)

**Contacting Microchip:** Microchip has Sales Offices Worldwide. You have received this correspondence from a Microchip Inside Sales Representative, please continue to work with him/her to guide you through the transition. Should you need to find your local office, please visit our website at: [Microchip Sales and Distribution](#). Also note that your current Microsemi contacts have moved to the Microchip email system therefore their email address has changed to first name.last name@microchip.com

You may also contact the following individuals within your geography:

Americas: Rozita Yajadda ([Rozita.yajadda@microchip.com](mailto:Rozita.yajadda@microchip.com))

Europe: Renata Locatelli ([renata.locatelli@microchip.com](mailto:renata.locatelli@microchip.com))

APAC: Nora Lee ([nora.lee@microchip.com](mailto:nora.lee@microchip.com))

World Wide Distribution: Jennifer Innella ([jennifer.innella@microchip.com](mailto:jennifer.innella@microchip.com))

EMEA Distribution: Renata Locatelli ([renata.locatelli@microchip.com](mailto:renata.locatelli@microchip.com))

Asia Distribution: Derek Chan ([derek.chan@microchip.com](mailto:derek.chan@microchip.com))

**Open Direct Orders with Microsemi:** Open Orders for affected parts will be transferred to the Microchip Systems on or about May 1, 2019. Customers will be contacted by local sales offices prior to the transfer to ensure a smooth transition. All orders will be transferred in US\$ currency. The details of the currency conversion will be outlined by your local ISR contacts closer to the transfer date.

**MOQ:** Orders must be placed in multiples of tray, tube, bag, or reel size. Additionally, there may be a Purchase Order/Order Line minimum. Existing Microsemi orders being converted to Microchip orders will be subject to the Microchip base quantity multiples and Microchip Purchase Order/Order Line item minimum.

Should changes be required when migrating open backlog, each customer will be notified with full details by your local Inside Sales contact.

**Order Acknowledgement:** Microchip provides Acknowledgements for all new Direct orders entered and for each change made to an existing Direct order. This document is typically provided via email. Once an existing order is transferred from the Microsemi system to the Microchip system an Order Acknowledgement will then be sent. Customers or Distributors that have an EDI connection will receive either an 855 acknowledgement (US & Asia) or ORDRSP acknowledgement (Europe) via EDI.

**Cancel/Reschedule:** The table below provides information on the Microchip Cancel/Reschedule policy:

Catalog PN Restriction	Cancellation	CRD Push Out	CRD Pull In Allowed	CRD Push Out Allowed
Standard	>30 days PRD	>30 days PRD	Y	Y
Custom, Non Standard	>60 days PRD	>60 days PRD	Y	Y
QS9000	>60 days PRD	>60 days PRD	Y	Y
NCNR	N/A	N/A	Y	N

\*CRD – Customer Requested Delivery Date

\*PRD – Microchip Anticipated Delivery Date

**Advanced Ship Notice (ASN):** When placing a Direct Order with Microchip, customers can elect to receive an Advance Ship Notice. This document advises that your order is prepared to ship to the location identified on your Purchase Order. This option will be discussed with you by your local Microchip Contact prior to the go live date in May.

**Managing Product Requirements during the Transition:** The Microsemi order entry and shipments systems for items identified in this information packet will transition to Microchip systems on or about May 1, 2019. Until that time, please continue to manage your product requirements as you do today. If changes have been made with your local Representative Sales Office, please see the Microchip section **Contacting Microchip** from above. Microchip will have a ‘Quiet Period’ that will occur for several days surrounding the final integration so that we can import all existing Purchase Orders into our system. During that time, we will not Accept New Orders, Modify/Cancel Existing Orders, or Ship Product. Please contact your local sales office with any questions or concerns.

**Shipping and Invoicing after the transition:** After May 1, 2019, all products identified in this phase will be shipped and invoiced from Microchip. Please alert your **Receiving** and **Accounts Payable** departments of this change; in our experience, some clients must cancel existing backlog and then re-issue a new P.O. to Microchip. Over the coming weeks Microchip will contact you to discuss all your needs to insure there is no interruption in your supply chain.

**Vendor/Supplier Code:** If your system requires a new code to support order placement to Microchip and receive in Microchip shipments, please arrange as needed.

**Shipping Labels, Boxes and Packing Methods:** Labels, Boxes and Packing methods will be standardized to Microchip’s current processes. Special shipping labels for special

products such as programming products, special testing, etc. will adhere to the standard Microchip process over time. See attached Standard Microchip Label Specification.

**Lots, Trace Codes, Date Codes, Part Aging, and Shelf Life:** Standard Microchip methods for combining production lots, trace codes and date codes into tubes, trays, and reel media will apply as well as standard Microchip Part Aging and Shelf Life Policies. Microchip quality documents and policies including part aging policy are found on our website. [Quality Documents and Policies](#)

**Payment Terms:** Standard payment terms are N30

**Terms & Conditions:** Microchip Sales are subject to the company's Terms and Conditions ("T&C"). Microchip T&C does differ slightly depending on whether the customer is in the European Union or elsewhere in the world and whether they are purchasing Direct or through microchipDIRECT. Microchip Terms and Conditions are attached.

**Product/Process Change Notification (PCN) after the transition:** Shortly after May 1, 2019, the standard Microchip methods for notifying customers about product changes that include PCNs and End of Life (EOL) notices will begin to apply (please note that this process may integrate over multiple phases of select products over an extended period). Part of the standard method includes a PCN email service that we expect to be available to select Microsemi customer/product combinations soon after or on May 1, 2019. Once available, customers who wish to receive PCN's via email are expected to register for PCN email service on our PCN web page. Information about how and when to register will be provided in separate integration PCNs as the products you are interested in are phased in. The Microsemi PCN system will continue to be used in conjunction with a partial Microchip PCN system until the full Microchip PCN system can support Microsemi products soon after or on May 1, 2019 (review how in the Microsemi Integration PCN's below). The Microsemi PCN system will be terminated after the transition to Microchip systems is complete. Information about Microchip's PCN system can be found at this link: [Microchip PCN Website](#)

**Microsemi Integration PCN's:** Until full integration to Microchip's PCN system all PCN's related to the integration will be provided using the Microsemi PCN system and can also be found at this Microchip website: [Product Change Notifications](#). This same notification process will be used to inform customers when your select products will be targeted to be integrated and the timeline for those products. Additional integration PCNs for Microsemi products may be issued for the following changes; ordering part numbering convention, shipping labels, shipping boxes, packing methods, part aging/shelf life, top marking, manufacturing site, Bill of Material (BOM), Silicon, and EOL among others.

**RoHS Information:** Can be found on the Microchip Website under RoHS PB Free, RoHS Device Search. An email will be generated from the system with all of the pertinent information regarding the device search.

## Product and Process Change Notification (PCN) and End-of-Life (EOL) Notifications

Welcome to Microchip's PCN/EOL Notification System

Microchip's change notification system is designed to ensure that changes affecting form, fit, or function of products, product obsolescence, product specification, and development tools are communicated to interested customers.

To learn about Microchip's PCN/EOL Notification System, download our [PCN/EOL Notification Policy](#) or contact your local [Microchip Sales Office](#).

## myMICROCHIP Preferences:

This is where you select what products you wish to receive PCN emails for (see screen shot below).

The screenshot shows the 'myMICROCHIP Edit Preferences' page. At the top right is a link for 'FAQs'. The main heading is 'myMICROCHIP Edit Preferences'. Below this is a paragraph: 'Email alerts will inform you when items in your folders are updated, new errata are released, literature is updated and more. Select the information you would like to receive. You may change your selections at any time.' Below this is a grey bar with the text 'Select Your Preferences'. There are three sections: 'Documents' with a checked checkbox for 'Product Change Notifications (Includes Data Sheet and Errata documents as well as Product/Process Change and End of Life Notifications)'; 'Email Options' with three radio buttons: 'I want an email once per week telling me all the documents that were updated.' (selected), 'I want an email every time documents are updated', and 'Not Interested'; and 'Product Selection' with a note: 'Note: Select the Product Change notifications box above and then choose from the list of devices below in order to receive Product/Process Change and End of Life Notifications.' and two radio buttons: 'I'm interested in all current and future devices' and 'I'm interested in specific devices and will use the below setup process' (selected). Below the radio buttons are three tabs: 'Search by Catalog Part Number' (selected), 'Select by Device Family', and 'Copy/Paste from file'. Under the 'Search by Catalog Part Number' tab, there is a search box containing 'PIC18F26' and a clear button 'x'. Below the search box is a list of device part numbers: 'PIC18F2610-E/SP', 'PIC18F2610-I/SO', 'PIC18F2610-I/SP', 'PIC18F2620-E/SO', 'PIC18F2620-E/SP', and 'PIC18F2620-I/SO'. A red button labeled 'Add >>' is positioned to the right of the list. A red note above the list says '(Only top 100 records shown. Refine search criteria for more records)'. There is also a large empty white box on the right side of the page.

# Microchip PCN Registration Process

Step 1: Please check the Product Change Notification under select documents field

Step 2: Select an email option

Step 3: Please select your preferences. You may choose from below options.

Option 1: You may select all current and future devices if you wish to receive all PCNs issued by Microchip via email.

Option 2: You may select specific devices if you wish to only receive PCN emails for products you are interested in.

### myMICROCHIP Preferences [FAQs](#)

Email alerts will inform you when items in your folders are updated, new errata are released, literature is updated and more. Select the information you would like to receive. You may change your selections at any time.

Select Your Preferences

- 1 Documents**
  - Product Change Notifications (Includes Data Sheet and Errata documents as well as Product/Process Change and End of Life Notifications)
- 2 Email Options**
  - I want an email once per week telling me all the documents that were updated.
  - I want an email every time documents are updated
  - Not Interested
- 3 Product Selection**

*Note: Select the Product Change notifications box above and then choose from the list of devices below in order to receive Product/Process Change and End of Life Notifications.*
