

Product Change Notice: #VE190628

Date: June 28, 2019

RE: Product Branding Change for MQPI, QPI and QPO filters

To Our Valued Customer:

We appreciate your use of Vicor products. The purpose of this notice is to make you aware of a change in the way Vicor will brand MQPI, QPI and QPO Filters.

Products Affected

QPI-3LZ	QPI-6LZ-01	QPI-21LZ	*QPO-1LZ
QPI-3LZ-01	QPI-11LZ	QPI-21LZ-01	*QPO-1LZ-01
QPI-5LZ	QPI-11LZ-01	MQPI-18LP	*QPO-2LZ
QPI-5LZ-01	QPI-12LZ	MQPI-18LP-01	*QPO-2LZ-01
QPI-6LZ	QPI-12LZ-01		

**Parts currently under EOL (End of Life)*

Reason for the change:

As part of a corporate business unit merge the Picor logo will be phased out and will be replaced with the Vicor logo. In addition, Vicor will convert from ink marking to a laser marking process on lidded units and update labels on open frame units (model numbers ending with a "-01") to mark the Vicor logo, model number, lot and date codes. This change will impact all Vicor MQPI, QPI and QPO filters.

Schedule:

This conversion and stock rotation will take effect on units built after September 1st, 2019.

Details of Change:

Please see images on page 2 showing examples of the old and new markings and labels. Note that this change is purely cosmetic and will have no impact on form, fit and function of the product.

Actions Required:

Customers should notify appropriate incoming inspection, quality and manufacturing personnel of the impending change to prevent delaying receipt of or conversion to parts with the new branding.
