TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Multiple Products

Description of Changes

Change of shipping location from HL20 to WCDC

Reason for Changes:

Product improvement. TE changed NA shipping location of parts affected by Section 301 tariffs on China origin goods to HL20 in Hermosillo, Mexico, to mitigate tariff impact for customers consuming the parts outside the US. As a long term strategy, those parts are being moved to the newly setup Foreign Trade Zone (FTZ) in WCDC. This will allow customers to pick up China origin parts at same location as several other NA made TE parts, and streamline their supply chain by using their warehouses in Southern US to consolidate shipments to plants. To prevent being charged a surcharge for tariffs, customers must use bonded carriers to pick up parts, and ship to a FTZ.
