

Issue Date: July 26th, 2019

Dear Valued Customer,

This notice is to inform you of a correction to a Product Change Notice (PCN) previously distributed by Littelfuse.

Description of the Change:

- We previously announced in PCN C0239 our intent to move the production site of select products.
- PCN C0239 incorrectly contained the attached subset of parts which are not changing manufacturing process, site, or supply chain.

Reason for The Change:

- This notification serves as a supplement to our prior PCN, correcting the extent of our site change.
- The inclusion of these part numbers on the prior PCN was exclusively a transposition error.

Effective Date of the Change:

- This PCN is retroactive to the distribution of PCN C0239, July 5th, 2019.

What You Need to Do:

- Any previous efforts to modify any manufacturing data of the above parts should cease immediately.

If you have any questions, please feel free to contact your Littelfuse Customer Service Representative or your Inside Sales Representative. We appreciate your business and our continued partnership.

Sincerely,

Zacke Naughton
Global Product Manager
Littelfuse Commercial Vehicle Products

Michael DiCola
Associate Product Manager
Littelfuse Commercial Vehicle Products
