

**Issue Date:** March 6, 2020

Dear Valued Customer,

This notice is to inform you of a product change affecting selected items that you have purchased from Littelfuse, Inc. during the past 2 years.

***Description of the Change:***

The Minimum Order Quantity (MOQ) is being changed for a number of items. The purpose of this notice is to alert you to those changes for those items that you have purchased during the last two years.

***Reason for The Change:***

Some of the MOQ's were not equal to our standard carton quantity, so we were effectively shipping partial boxes for those orders and many of our customers have complained about this in the past. For other items, MOQ's may have been adjusted to improve order efficiency and economies of scale.

***Effective Date of the Change:***

May 1, 2020

***What You Need to Do:***

Beginning no later than May 1, 2020, you will need to make sure that your order quantities meet the new MOQ and that orders above the MOQ must be a multiple of the MOQ

***Items Purchased by Your Company That Are Affected by The Changes:***

See attached file

If you have any questions, please feel free to contact your Littelfuse Inside Sales Representative. We appreciate your business and our continued partnership.
