TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

UPM Guide Pin and Socket Module

Description of Changes

In accordance with product line strategy and productivity expansion, TE Connectivity plan to develop new tooling for the following Part Numbers and some package specification improvement. There will be no product function change and package quantity change.

Reason for Changes:

Product improvement. Dear Customer, we hereby inform you about the new tooling development for UPM Guide Pin and Socket Module. The action follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. The new product with new tooling operates under a certified quality management system in accordance with standard automotive requirements. A TE-internal release test based on the relevant part specifications will be executed before delivery. There will be no product function change and package quantity change.
