Subject: Manufacturing Site Extension for Polyfuse® Radial Leaded PPTC

As part of production contingency plan, Littelfuse is going to add one more manufacturing site for Polyfuse® Radial Leaded PPTC, the new manufacturing site locates in Kunshan City, China.

All affected products will be fully qualified in the new site in accordance with established performance and reliability criteria. Full qualification data and/or samples will be available upon request.

As a result of Littelfuse Global Labeling Standardizing effort, the new plant will be using Littelfuse Standard label format which is slightly different on format but maintaining all the requested content field, please refer to below comparison.
