Hi,

The original PCN still applies, as all of the product series are still affected. It's only at a part level that some things have changed.

Good spot on the missing orange parts. Tab 1 i ran analysis on 'active parts', but once putting filters on for Future's POS / order history it must be that no Orange parts were relevant. On the second tab with full parts list, these would be parts that are 'EOL' in column C but now have a qualification date in column D.

Sorry for the confusion and please let me know if you have further questions

thanks
marc

PCN-29-2019

Aug 30th 2020

Notice of Obsolescence of F series Molded J-Lead Tantalum Chip Capacitors

Production of our F-series Molded J-Lead MnO₂ tantalum chip capacitors is being discontinued at our Adogawa, Japan facility, the affected series being:

Commercial series: F91, F92, F93 and F93 BE1.

Automotive series: F91 AJ6, F93 AJ6, F97, F97 HT3 and F9H

Obsolescence will be completed by Feb 28th 2021.

As a valued customer, if you have not accepted the previous PCN-8-2019 for El Salvador manufactured product, AVX would like to offer a last-time time buy for Adogawa manufactured product for up to 6 months of prior shipments as of 8/30/2020.

All new orders must be placed before 12/1/2020; all orders and backlog will be delivered before and no later than June 30, 2021. Any orders placed after 12/1/2020 will be supplied from our El Salvador facility. If you have any concerns with reference to a changed delivery date, please contact your local AVX sales representative.

Please direct any questions through your AVX Electrolytic Business Unit contacts listed below:
