

From: Ross, James <James.Ross@uk.rohmeurope.com>

For this SCT2080KEC part correct – no orders are accepted - Its not just a wafer size change – factory location / dims / moq mpq from 360pcs to 450pcs (15 tubes of 30pcs per carton - ignore tube qty of 30pcs as we cannot accept orders for part tube qtys!) / top metal & component markings will all change too.....new part number is SCT2080KEGC11...

Spec link here – [SCT2080KE - 1200V, 40A, THD, Silicon-carbide \(SiC\) MOSFET | ROHM Semiconductor - ROHM Co., Ltd.](#)

Hope that helps?

Br

James
