

Discontinuation of IR/LED Bag Kits with Digital View Controllers

Effective November 1st, 2021

After learning that the majority of customers are not utilizing our IR/LED kits, Digital View is discontinuing the IR/LED kit bags that previously came with each of our LCD controllers. This will help to reduce electronic waste and additional cost increases.

In the case that these IR/LED kits are utilized by your company, they will need to be ordered separately and at an additional fee. Please contact your reseller or distributor for pricing.

See below for information on the ordering part numbers for each kit and the controller it compliments:

PART NUMBER	PART DESCRIPTION	IR/LED KIT	PART NUMBER	PART DESCRIPTION	IR/LED KIT
