**About addition of housing material manufacturer for DF3 series, DF11 series**

We would like to report on the addition of material manufacturers for DF3 series and DF11 series products.

1. Applicable connector product series

DF3-\*EP-2C (\*= 2~15)

DF3AA-\*EP-2C (\*= 2~15)

DF3-\*S-2C (\*= 2~15)

DF11-\*DS-2C (\*= 4~34)

DF11-\*DS-2C(20) (\*= 4~24)

\*Please refer to the next page for detail part number.

2. When

Starting from February, 2022.

3. Action and Reason

To improve and stabilize connector supply, we are going to add a housing material supplier for the above connectors.

UL and CSA are already certified for those connectors with the additional material.

(The connectors with the additional material are equivalent with the ones with the current material in terms of performance.)

	Material manufacture	Resin part number
Current	Toray	AMILAN CM3004-V0
Additional	Asahi Kasei	LEONA FR370

If you should have any questions, please feel free to contact a Hirose business representative.

Your understanding and cooperation are highly appreciated.
