P/N	Before the change: Ink engraving	After the change: Laser engraving
ST60-10P(30) 241-0022-5-30	 A photograph of a metal component with two sets of markings. The top set consists of the characters '2' and 'D' in a dark, slightly irregular ink. The bottom set consists of the characters 'E' and '2' in a similar dark ink. The component has a complex shape with several rectangular cutouts and a series of small holes on the left side.	 A photograph of the same metal component as in the previous image, but with laser engraving. The markings '2 D' at the top and 'E 2' at the bottom are now much clearer, sharper, and more uniform in color (a light grey or white). The overall appearance of the component is more precise and professional.
