

# Product Change Notification

Current Date: 27-Sep-2022

## TE Connectivity

**Product Change Notification:** PCN-22-152896

**PCN Date:** 21-SEP-22

**Customer:** Future Electronics Inc ( 184927 )

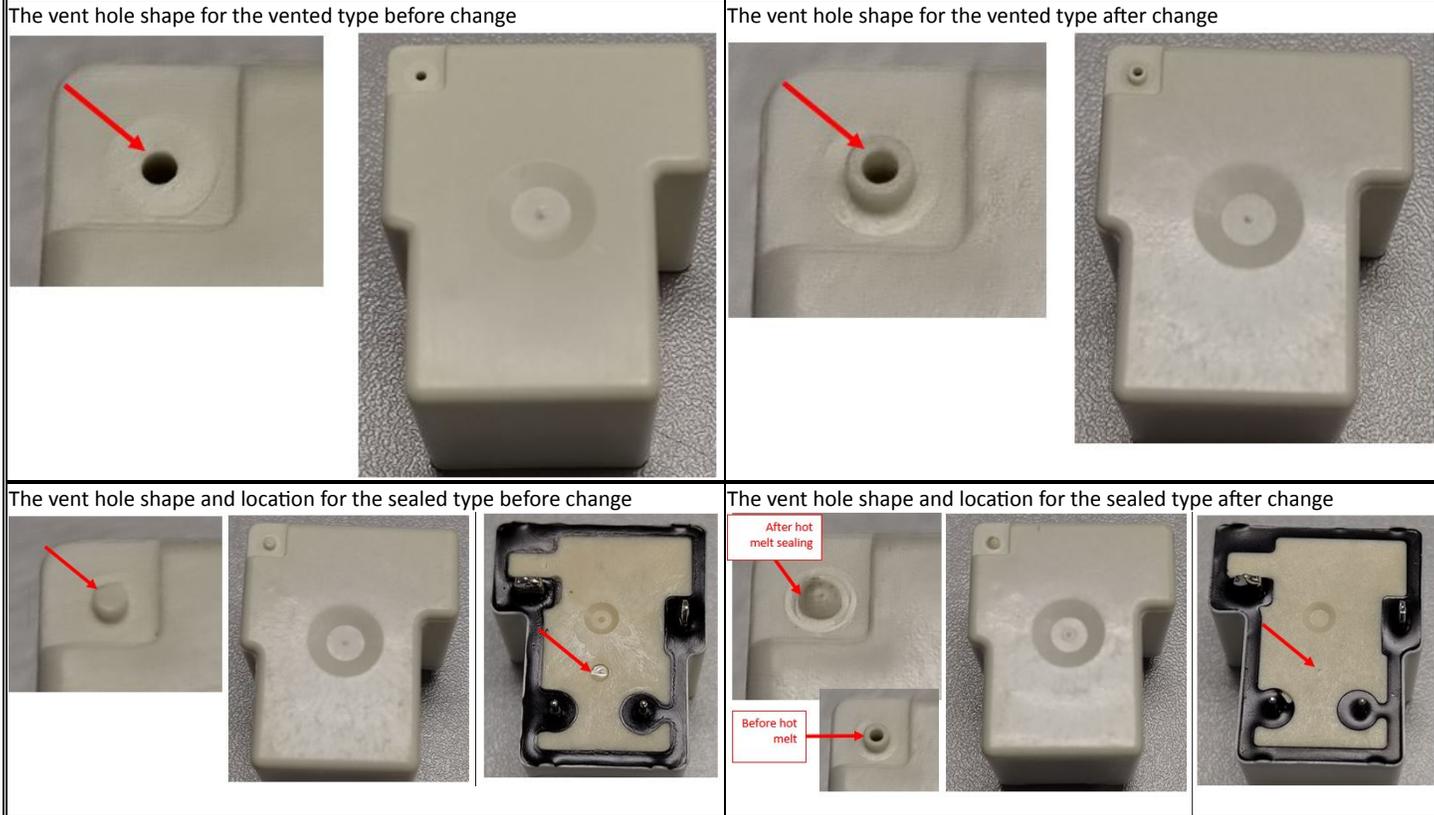

**Location:** Pointe Claire

**Agreement:** Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:** (Text limited to 120 characters)  
T9S, T9V series relay

**Description of Changes**  
Dear customers, please be aware of an upcoming feature change to the listed T9S/T9V part numbers with the new melted sealing technology, there is no impact on the product performance with the change. You can see comparison details in the below PCN images table. Before: 1. for the sealed type, it's a sealed nib vent hole on the cover, and use UV glue to seal the bent hole on the base finally. 2. for the vented type, it's flatness around the vent hole on the cover. After: 1. for the sealed type, use melting sealing technology to seal the vent hole on the cover finally, not use UV glue further and cancel the vent hole on the base. 2. for the vented type, it's a opened nib vent hole.

**Reason for Changes:**  
New melted sealing technology implementation to cancel UV glue usage.
