**Change description:** Due to the update of several componnet,the cable assemblies (TE PN: 2344189 ) need do adapt to the change. Following is a description of the update performed on the products.

-Due to the performance/robustness improvement, label is updated to the new version, see attached presentation description below for the details

Label PN 2141499-1 is being changed to label PN 2208934-3. Label 2208934-3 got a longer laminated layer which fully cover the labeling field after self lamination so it better protects the data printed on this field. Otherwise the dimensions are the same, there is no impact on the customer.
