Subject: SPF HXR Package material changing

Document Number: LFPCN_PG0149

Date: 16th Nov 2022

With regards to the above reference, Littelfuse would like to inform you that we had implemented packaging material (Outer carton box) change to SPF Series fuses with PCB mount termination (0SPFxxx.HXR).

This packaging change is to avoid transit damages. There is no change to fit, form or function of the actual product. Due to the time sensitivity in the issue, we had already started implementing this in the production line.

Implementation date was on 17th Oct 2022.

Existing Packaging	Proposed Packaging	Reason for Change
		<p>To avoid transit damages</p>
<p>100pcs per box loosely packed</p>	<p>100pcs per box packed in two card-board trays with 50pcs per tray</p>	

Listed below are the part numbers affected by this change,

0SPF001.HXR
0SPF002.HXR
0SPF003.HXR
0SPF03.5HXR
0SPF004.HXR
0SPF005.HXR
0SPF006.HXR
0SPF008.HXR
0SPF010.HXR
0SPF012.HXR
0SPF015.HXR
0SPF020.HXR
0SPF025.HXR
0SPF030.HXR

I will appreciate if you could also send this e-mail to anyone else whom I could have un-intentionally missed out. Thank you for your continued business. If you have any questions, or need additional information please contact our Littelfuse representative.

Sincerely,
Sakthidharan Krishnamoorthy
