Supply chain issues

Dear valued Customer,

Unfortunately, Littelfuse must hereby inform you that Littelfuse is facing a supply chain issue for some of our Littelfuse products. Due to the mentioned supply chain issue, there will be a delay of delivery for these Littelfuse products.

Littelfuse is currently evaluating any possible solutions with the utmost commitment and is expected to release the next update for the affected products in the second week of January 2023.

The affected product list is attached to this notification.

Please contact your local Littelfuse sales representative for further assistance if you have any further questions or concerns.

Kind regards

Krzysztof Olesiejuk
Product Marketing Manager
Integrated Circuits
Littelfuse Europe GmbH
