Description of Change: Vishay Siliconix announces the qualification is completed for production of SI1308EDL-T1-GE3 with copper bondwire in SC-70 (3 leads) package. Manufacturing of this TrenchFET® MOSFET in SC-70 with copper wire will be added into Vishay Siliconix Copper-Wire product families that have been in production since November 2007.

Classification of Change: Part of continued quality improvement program

Expected Influence on Quality/Reliability/Performance: There will be no effect on quality, reliability, performance, and the minimum/maximum values in the datasheet.

Part Numbers/Series/Families Affected: SI1308EDL-T1-GE3

Vishay Brand(S): Vishay Siliconix

Time Schedule:

Start Shipment Date: Mon May 22, 2023

Sample Availability: Please contact your regional Vishay Sales office for sample availability.

Product Identification: There will be no change to part numbering.

Qualification Data: Available upon the completion of transfer qualification testing.

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Wed May 17, 2023 or as specified by contract.
