## PCN EIC-1124 End of Life CPC1596 CPC7524 IX9950 and IX9952

### Detailed Description of Change

As part of the Littelfuse IXYS Integrated Circuits Division's (ICD) product lifecycle-management process, the following products have been transitioned to an "end-of-life" (EOL) status:

CPC1596G	IX9950NE
CPC1596GS	IX9950NETR
CPC1596GSTR	IX9952NE
CPC7524B	IX9952NETR
CPC7524BTR	

In order to satisfy any continuing requirements for these parts, Littelfuse IXYS Integrated Circuits Division is offering a non-cancelable last time buy (LTB). Orders for LTB quantities must be received by **April 30, 2023**, and all LTB products must have shipment request dates by **April 30, 2023**.

Acceptance of last time buy orders is subject to stock availability of finished products. Once placed, LTB orders cannot be cancelled, rescheduled, or returned. Orders might be rejected should the demand exceed stock availability at the time of the order entry.

While we will endeavor to complete all last time buy requests, severe supply chain constraints may mean we do not manage to ship all requested quantities.

The PCN number assigned to this action is **PCN EIC-1124** and must be referenced in any correspondence related to the change.

If you have any other questions or concerns, please contact your local Littelfuse sales representative or Product Manager below for further assistance.
