Notification: Withdrawal of Process change

We truly appreciate your significant support always.
We shall inform you captioned matter as below.
Your kind confirmation will be appreciated.

1. Notification

This notification informs you a withdrawal of below process change, which was sent in March h 2023.

Issue No.: PC-0030367

Product number by Hirose: FDE-9P(05).FDE-9S(05).FDE-9PF(05)
FDBD-25P(55).FDBD-25S(55).FDBD-25PF(55)

Product name by Hirose: CL0211-0143-8-05.CL0211-0144-0-05.CL0211-0721-2-05
CL0211-0448-5-55.CL0211-0449-8-55.CL0211-0606-4-55

Content of change:

- ① 4130-104K material is produced in Changchun, China, and is also used in the Suzhou factory in China for the DF63 series, so it can be stably procured.
- ② Due to the aging of Taiwan FD series molds, we plan to start construction of renewal molds at the Suzhou factory in China, and propose the addition of 4130-104K materials in addition to the individual procurement of 4130-104FC materials from Taiwan.

Reason for the change: To ensure the stability of material supply

2. Reason for the withdrawal

We used the wrong format. We will announce by product change notice.

We sincerely apologize for any inconvenience this may cause to you, and for those who have already approved and started to consider the matter, your understanding and approval will be appreciated.

Sincerely,

王宁霞
