To Our Valued Customers:

We would like to extend our appreciation for your outstanding support and continued patronage. Your recognition of the superior quality of NKK Switches' portfolio has contributed significantly to our nearly 70 years of success, and we are grateful for the opportunity to serve your switch requirements.

We understand that there will soon be guidelines released regarding Dechlorane Plus, which is recognized as an environmentally restricted material. Since NKK Switches has and will continue to be diligent and conscientious in all matters with respect to our customers and our environment, we desire to be proactive and trustworthy. Therefore, we want to inform you of some changes to our product portfolio.

The material, Dechlorane Plus, is known as one of the substances utilized in some of our products' case material, and it will be replaced with a Dechlorane Plus free material. Along with that direction, various products will be discontinued, and some of them will have replacement or alternate parts we can recommend immediately. We are working on other product substitutions, but for these it will take longer. Our intent is to be as helpful to our customers as we possibly can, supporting as seamless a transition as we are able.

Please see the attached Product Change Notice CN-0400 regarding the discontinuation.
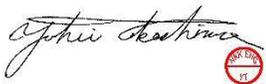

Page 2 of this document shows supplementary notes related to the above-mentioned regulations that NKK Switches recognizes as of May 1, 2023.

The time schedule is outlined as follows:
