TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Selected PNs from KUEP series PPI Relays and PRD series Power Relays.

Description of Changes

Manufacturing Location Change. For listed part numbers production will be approved from an already existing / approved production line in a second location.

Reason for Changes:

Dear Customer, below listed PNs are currently enabled to be produced in our TE Mexico factory. In order to improve the resiliency of the supply chain and improve upon production optimization efforts, these part numbers will now also be approved for production from an already existing, equivalent production line in China. The production lines in China are fully established and have been manufacturing these same products for over 15 years. The new manufacturing location is under a certified quality management system according to industry requirements and this manufacturing change in no way changes any of the specifications listed on the TE product datasheet. For any further information please get in touch with your TE representative.
