Littelfuse PCN: Manufacturing location change

05/09/2023

Dear Valued Customer,

The purpose of this letter is to notify you about a manufacturing location change for the Industrial fuse products we currently supply to you.

As we execute the Littelfuse growth strategy, we will relocate the manufacturing facility of the Industrial Circuit Protection Fuses to a new location in Piedras Negras, Coahuila, Mexico. This change is focused on a unified product line strategy to support all business units' expansion across the company. This project will be completed in Q1 2024.

This facility will be relocated within the same city as our current factory, around 6.5 km apart from our current location.

The new site will increase our footprint, improve our manufacturing capacity, and align our customer focus to provide a better response time.

Our new address will be:

Parque Industrial Piedras Negras
Avenida Industrial y Libramiento Manuel Pere Treviño
Interior #19
Piedras Negras, Coahuila, México
Zip Code 26070

Littelfuse has built a safety stock to ensure a smooth transition from one plant to another. The relocation will not impact fit, form or function of our products; neither products nor processes will be changed, our operators and equipment will be the same and suppliers will be maintained.

With regards to our UL Approvals and certifications, they are being updated accordingly.

Our current facility in Piedras Negras, Coahuila, México; will continue manufacturing products for the Automotive Business Unit, as we have done since we established in Piedras Negras city in 1973.

If you have any questions regarding this announcement, please contact your local manufacturer representative or your Littelfuse sales representative.

Attached below, you can find the project timeline.

Thank you for your continued support of Littelfuse.

Darrick Santa Maria

Sr. Director,
Industrial Circuit Protection
Industrial Business Unit

Angel Martinez

Sr. Manager Product Management and Pricing
Industrial Circuit Protection
Industrial Business Unit
