| FOR DISTRIBUTION TO: | All customers & their distributors                   |                  |         |

### Summary

End of Life Notification for all EM7355 and MC7355 modules and all related SKU's.

### Details of Change

Due to components moving into end of life status with no direct replacement available and component vendors not extending component LTB dates, Sierra Wireless is hereby regrettably announcing the End of Life Notification for all EM73xx and MC73xx modules and all associated SKUs.

**We are able to extend the lifetime of the module to May 2019, however this extension comes at a price increase due to increase in component pricing. Please see below for details.**

Customers wishing to extend the life of a platform that has integrated the affected Sierra Wireless products have two (2) options.

1. Purchase sufficient quantity of the EM73xx and MC73xx modules before the Last Time Buy (LTB) date to support the projected life of the platform.
2. Customers can integrate a newer Sierra Wireless MiniCard module like MC74xx or M.2 modules like EM74xx or EM756x. It is highly recommended to move to the newer M.2 form factor as we do not plan to introduce any new MC form factor modules.

For information on Sierra Wireless PCI Express mini cards, M.2 modules, and other products, go to:

<http://www.sierrawireless.com/products-and-solutions/embedded-solutions/em-and-mc-series/>

### Price Change

Purchase Orders received before Jan 1<sup>st</sup>, 2018: No price change.

Purchase Orders received on or after Jan 1<sup>st</sup>, 2018: Price will increase by \$1.45

- **Current Price LTB Date**  
The LTB (Last Time Buy) date is **Jan 1<sup>st</sup>, 2018**. Purchase orders will be accepted until this date with the current price.  
The LTS (Last Time Shipment) date is **May 30<sup>th</sup>, 2018**. All shipments must complete on or before this date with the current price.
- **New Price LTB Date**  
The LTB (Last Time Buy) date is **May 30<sup>th</sup>, 2018**. Purchase orders will be accepted until this date.  
The LTS (Last Time Shipment) date is **May 30<sup>th</sup>, 2019**. All shipments must complete on or before this date.

Sierra Wireless will continue to provide support to our customers for existing applications, with support and technical assistance on a reasonable commercial basis for the remainder of the warranty period.
