Description of Changes
As part of our continuous improvement efforts to provide extraordinary Customer Service, we are pleased to announce the following: To improve the transit time of products to our mutual end customers, TE Connectivity is changing the distribution location for several products manufactured in Mexico currently stored at our Ontario, California or El Paso, Texas distribution centers. Instead we would like to store in our Hermosillo, Mexico DC ASAP. Customers have the option to pick up in Hermosillo, Mexico or to pick up in Nogales, AZ at our cross-dock. Upon receipt, distributor orders will be tendered to the carrier in line with each distributors Incoterms. The proximity of the Nogales cross dock to our Hermosillo, Mexico site will simplify the flow of products across the border. The longer-term intent will be to distribute from a point in the US due to MFG location change (Reference PCN E-18-008460 for MFG Change) during the latter half of 2019.

Dear Valued Customer,

As part of our continuous improvement efforts to provide extraordinary Customer Service, we are pleased to announce the following: To improve the transit time of products to our mutual end customers, TE Connectivity (TE) is changing the distribution location for several products manufactured in Mexico. Currently these products are stored in either TE's Ontario, California or El Paso, Texas distribution centers. As soon as possible, TE would like to move these products manufactured in Mexico to a new distribution center in Hermosillo, Mexico. Customers will have the option to pick up product right in Hermosillo, Mexico (for Mexico ship locations) or to pick up in Nogales, AZ at our cross-dock. Upon receipt, distributor orders will be tendered to the carrier in line with each distributor's Incoterms. The proximity of the Nogales cross dock to our Hermosillo, Mexico site will simplify the flow of products across the border and reduce transit time.

What you need to know:

- TE will continue to be responsible for the cost to import products from Mexico to the US cross dock
- Current inventory for impacted products at our Ontario, California and El Paso, Texas distribution centers will continue to reduce during this transition
- TE's Ontario, California location will remain the primary distribution center for import products

Your TE Customer Service Representative will contact you to make any appropriate adjustments to your DUNS/Vendor Codes/Supplier Codes.
