CUSTOMER NOTICE OF PRODUCT/PROCESS CHANGE

Customer Name:	All Customers
CTS Product Series:	193, 194, 195, 204, 206, 208
Part Number:	Various

- Additional manufacturing site established.
- Process Change
- This change is notification only.
- Customer authorization is required. Please confirm acceptance by email or other written communication.

Description of Change: Marking method change on selected dip switch models

CTS currently supplies dip switches of 193, 194, 195, 204, 206, and 208 using ink stamp marking. CTS has already been supplying other dip switches models that use laser marking to the general market for several years.

Reason for Change:

CTS is committed to continuous improvement of products and processes. This marking method change will reduce impact on the environment and to reduce the use of chemical solvents impacting the health of our employees. As such, CTS will change the marking method on the remaining switch models noted from ink stamp marking to laser marking. The new laser marking will have a slight change in visual appearance.

Implementation Date: May 4th, 2020

Notes: See Appendix for the change in appearance.

CTS Contact: Ava Yeh

Email: ava.yeh@ctscorp.com

Date: March 2nd, 2020
