

Valued Customer:

Silex is sending you this product change notification (PCN) on our soon to be released SX-NEWAH-EVK-US, and further details are as described below.

Reason for Change:

At Silex, we value our culture of making continuous improvements to our products and processes to ensure optimal efficiency.

We have identified an opportunity to improve our customer's experience by re-packaging our SX-NEWAH-EVK-US to include everything needed for a successful evaluation.

Affected Part Number(s):

| IoT-Ultra-Low-Power Radios | Description | Warranty | MSRP | Disty Book | Disty Reg | MOQ /LOT | Status |
|----------------------------|---|----------|---------|------------|-----------|----------|--------|
| SX-NEWAH-EVK-US | [Evaluation Kit] The SX-NEWAH-EVK-US is a platform for evaluation of the SX-NEWAH module. The EVK includes an EVK board with the SX-NEWAH module, a power supply, and an antenna to begin evaluation. | 1 Year | \$84.59 | \$70.60 | N/A | 1 | Active |

Impact of Change:

Aside from the EVK board with the SX-NEWAH-US module, power supply, and antenna, this out of the box solution will now include:

- Raspberry Pi 3 Model B
- AC adaptor for Raspberry Pi (5V/3A or higher)
- Micro SD card (8GB or higher • UHS-I / Class 10 or higher)

To provide customers with all of the above components required to get their evaluation up and running, the cost of the EVK has increased to the below amount:

| IoT-Ultra-Low-Power Radios | Description | Warranty | MSRP | Disty Book | Disty Reg | MOQ /LOT | Status |
|----------------------------|--|----------|----------|------------|-----------|----------|--------|
| SX-NEWAH-EVK-US | [Evaluation Kit] The SX-NEWAH-EVK-US is a platform for evaluation of the SX-NEWAH module. The EVK contains an EVK board with the SX-NEWAH module, a power supply, and an antenna. It also comes with Raspberry Pi, Raspberry Pi Power Supply, and Micro SD Card to make it a complete package with all necessary items included. TWO EVK's need to be used for successful evaluation, one will act as the AP, while the other as the station. | 1 Year | \$235.17 | \$168.47 | N/A | 1 | Active |

Additionally, we kindly ask distributors to update and resubmit any PO's previously placed to reflect this new pricing.

Schedule:

This change went into effect on June 1, 2020, and requires all distributors to update the SX-NEWAH-EVK-US listing on their website with the new pricing and product description as soon as possible.

We appreciate your understanding and look forward to your continued partnership with Silex.

Please contact Silex sales if you have any further questions.
