Product Change Notice (PCN)

June 23rd, 2021

LFPCN 5810E

Product Change Notification: MLV's first end termination paste's material and supplier

Dear Customers,

Littelfuse would like to notify you of a change related to MLV's first end termination paste's material and supplier.

Please refer to the following change summary and attached the affected part number list.

Item	Current	New
The 1st end termination paste material	Ag 71% + Pt 1.5%	Ag 75%

This material change has no impact to product's original electrical parameters and mechanical/dimensional specification, quality, reliability, and part number. Qualification test report is available upon request.

This change will be implemented from October 4th, 2021. Please response to us by July 23rd, 2021 to acknowledge this product change notification. If we do not hear from you, we will expect this PCN has been accepted and no further action is required. Thank you!

Best Regards,

Xu Jin
Global Product Manager
Littelfuse, Inc.
