Subject: Notice of discontinuation of screws attachment for TO-240 bipolar modules in Europe, Middle East and Africa (EMEA).

To whom it may concern,
 Littelfuse would like to inform you that the screws attachment of the Littelfuse TO-240 bipolar modules will be discontinued for deliveries in EMEA regions.

Reason for Change:

- Starting 1st July 2021, the production of TO-240 packages has been fully moved to Philippines (Lipa). Due to the limited resources of the Littelfuse EMEA warehouse, the TO-240 modules will NO longer be attached with screws as complimentary accessories for EMEA destination customers.
- The 3 M5x10 terminal screws for TO-240 were never been counted as part of the module cost for our customers. For those customers who still want to use M5x10 screws from us, it can be purchased with PN: IX500301 – Please contact your Sales contacts to get price, MOQ and lead time.

M5x10 screw dimension used in Littelfuse:

TO-240	M5x10-Z4-1-Z DIN 6900-3 Steel 4.8 galvanized combination screw with spring washer + washer	
Screws	M5x10 mm	DIN 7985
Spring lock washer	M5	DIN 6905 (Similar to DIN128A Z4)
Washer	M5	DIN 6902A (Similar to DIN12S Z1)

Effective date: September 15th, 2021

Last time buy: N/A

This communication letter is for your information and acknowledgement.

If you have any other questions or concerns, please contact your local Littelfuse sales representative or Product Manager below for further assistance.

Best Regards,
 Pascal DUCLUZEAU
 Product Marketing Manager, Power Modules
 Semiconductor Business Unit
 Littelfuse Europe GmbH.
