TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Low to high temp material change

Description of Changes

This is to notify customers that an existing low temperature housing material will be replaced with a high temperature LCP material. The use of the new material provides a functional advantage in high temperature applications. There will be no change to the product's form, fit, function. It operates under a certified quality management system. The transfer follows a strict procedure, which fully maintains the quality, ability to supply, and form-fit-function of the concerned products.
